AN OPPORTUNITY TO ACHIEVE THE 'PAPER-FREE' GOAL

The digitization of production data makes it possible to substitute physical documents with digital media. To achieve this, the production workshops can be equipped with intelligent computer systems that centralize all the data collected by the operators, without adding to their daily work.

9 MODULES TO MEET THE M.E.S NEEDS IN YOUR COMPANY

Initially expert in quality control and production management, QUASAR has progressively extended its functional scope to offer today a comprehensive M.E.S offer. Store all your production data in a single system linked to the company's information system (ERP, PLM, CMMS, etc.). Its wide range of features makes it a progressive and flexible tool that can easily be adapted to meet your company's needs.
